Quick Guide

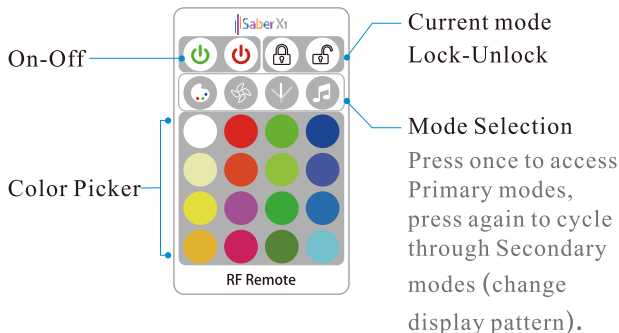

Quick Guide

- 1) Function Lock-Unlock: Short press the Multifunction button. Touch control area will be disabled in Function Lock mode.
- 2) Power off: Press and hold the Multifunction button for 3 seconds and then release it.
Reset: Press and hold the Multifunction button for 5 seconds. Press any key on RF Remote to restore RF control.
- 3) Use only DC 5V 1A power adapter to fully charge SaberX1 via MicroUSB port for approximately 3 hours.

RF Remote

- 1) Pull out the battery insulator slip in the battery compartment of the RF remote before use.
- 2) Remote only works when SaberX is powered on.
- 3) Remote uses CR2025 or CR 2032 (DC 3V) coin battery.
- 4) Remote transmit range is about 55 yards (50 meters) in open space.

Quality Assurance

One year warranty under normal usage. Scan the QR code to visit our web to register and learn more about SaberX1.

Warning:

SaberX1 is not water-proof. It is fragile.

Use only DC 5V power adapter to charge SaberX1. Higher voltage will damage SaberX1. Follow Lithium-ion battery guidelines from National Fire Protection Association to charge and dispose SaberX1 properly. Do not leave it unattended while charging. Manufacture and distributor of SaberX1 are not liable for damage incurred by improper power charging or usage of SaberX1.

Specification

Lithium-ion Battery: 2600mAh

Charger: DC 5V 1A

Weight: 278g

Length: 75cm (29.5inch)

RF Remote: 433MHz, CR2025/2032

Working Condition: 14~104F(-10~40C),

No Condensation
